Mr. Podmers, Room TTC Lab

### **Photoshop FINAL PROJECT:**

Using the program Photoshop Elements, You will create a FINAL PROJECT. Using the tools you have learned and the procedures listed in the blue packet, create an original picture. It can be ANYTHING you would like it to be. USE OF CLASS TIME WILL BE GRADED STRICTLY, so use ALL of the time allotted to you. If you finish early, make another project. Use filters and tools to make the layers blend together.

Procedure:

Your picture must include:

Text somewhere in the picture: \_\_\_\_\_/5

5 or more layers: \_\_\_\_\_/5

Originality and thought went into your project choice \_\_\_\_\_/5

Quality of product:

Is the project seamless and clean? \_\_\_\_\_/10

Use of class time: \_\_\_\_\_/10

(2 Points per day, 5 days)

Is the project difficult/ challenging? Did you use all of the time necessary to complete it?

\_\_\_\_\_/10

1/2 page typed explanation of the TOTAL process used to create the project. (Explain all the steps, tools, filters, etc that were used to create the picture).

\_\_\_\_\_/10

Total \_\_\_\_\_/55
